Robinson Ann Ward Plato Benjamin Fondane Plato Plato Plato Gregory Vlastos Plato

a powerful and hard hitting expose of how selfishness expediency and greed undermine our schools and our children s future and what can be done about it

at the crisis of his republic plato asks us to imagine what could possibly motivate a philosopher to return to the cave voluntarily for the benefit of others and at the expense of her own personal happiness this book shows how plato has prepared us his students to recognize that the sun like idea of the good is an infinitely greater object of serious philosophical concern than what is merely good for me and thus why neither plato nor his socrates are eudaemonists as aristotle unquestionably was with the transcendent idea of beauty having been made manifest through socrates and diotima the dialogues between symposium and republic lysis euthydemus laches charmides gorgias theages meno and cleitophon prepare the reader to make the

final leap into platonism a soul stirring idealism that presupposes the student's inborn awareness that there is nothing just noble or beautiful about maximizing one's own good while perfectly capable of making the majority of his readers believe that he endorses the harmless claim that it is advantageous to be just and thus that we will always fare well by doing well plato trains his best students to recognize the deliberate fallacies and shortcuts that underwrite these claims and thus to look beyond their own happiness by the time they reach the allegory of the cave the culmination of a carefully prepared ascent to the good

baseball and philosophy brings together two high powered pastimes the sport of baseball and the academic discipline of philosophy eric bronson asked eighteen young professors to provide their profound analysis of some aspect of baseball the result offers surprisingly deep insights into this most american of games the contributors include many of the leading voices in the burgeoning new field of philosophy of sport plus a few other talented philosophers with a personal interest in baseball a few of the contributors are also drawn from academic areas outside philosophy statistics law and history this volume gives the thoughtful baseball fan substantial material to think more deeply about what moral issues are raised by the intentional walk do teams sometimes benefit from the self interested behavior of their individual members how can zen be applied to hitting is it ethical to employ deception in sports can a game be defined by its written rules or are there also other constraints what can the u.s. supreme court learn from umpiring why should baseball be the only industry exempt from antitrust laws what part does luck play in any game of skill

socrates is widely regarded as the first philosopher to investigate not simply the natural world but to make human and political questions concerning justice virtue and the good life central to rational inquiry thus socratic philosophy is often viewed as taking a rationalist approach to human narratives and becomes a narrative itself after socrates the prevailing view of what defines the greeks and those commonly regarded as their descendents the europeans is their civilizational foundation in philosophic rationalism the socratic conception of greek and european identity has not gone unchallenged however in antiquity the comic poet aristophanes lampooned socrates as impious and unjust and cast doubt on whether the socratic way of life was an appropriate basis for politics examples from more recent times include the ambiguous place that socratic philosophizing holds in the philosophies of hegel kierkegaard and nietzsche the re assessment of socratic rationalism in the 19th century has led to a post modern suspicion of grand narratives the radical critique of socrates as the remote but powerful source of the priority assigned to reason in the 17th and 18th century enlightenment's has shaken european faith in scientific social and political progress the european mind is left longing for a unifying narrative that crystallizes the european identity can socratic philosophy survive the powerful challenges made in the name of history faith and art does socratic philosophizing adequately sustain political life in the face of such challenges and does it prioritize reason over other human ways of knowing and representing their world alternatively do the positions of later thinkers offer superior ways to understand the human person and develop political communities this volume

addresses these and related questions as it seeks to recover and revise our understanding of socratic philosophy as an appropriate paradigm for european identity it takes an interdisciplinary and international approach with contributions from scholars in the fields of philosophy classics religion english and political science the contributors teach and research in europe canada the united states and iran

blair s new translation of plato s republic is more readable and accessible than any translation on the market blair makes a persuasive case for using honesty rather than morality when translating a key greek term in this sense the book is a radical departure from much of plato scholarship the author argues that the book is first and foremost an ethical treatise investigating the question of whether honesty is the best policy or not and only secondarily a political treatise includes an introduction to the translation and an overview of the book to guide readers new to plato

benjamin fondane who was born and educated in romania moved as an adult to paris lived for a time in buenos aires where he was close to victoria ocampo jorge luis borges s friend and publisher and died in auschwitz was an artist and thinker who found in every limit in every border a torture and a spur poet critic man of the theater movie director fondane was the most daring of the existentialists a metaphysical anarchist affirming individual against those great abstractions that limit human freedom the state history the law the idea existential monday the first selection of his philosophical work to appear in english includes four of fondane s most thought provoking and important texts existential monday and the sunday of history preface for the present moment man before history co translated by andrew rubens and boredom here fondane until now little known except to specialists emerges as one of the enduring french philosophers of the twentieth century
